*Program Director:* Wilma I. Larsen, MD

*Program Faculty:* (FPMRS) Bob L. Shull, MD; Wilma I. Larsen, MD; Paul M. Yandell, MD; (Research) Thomas J. Kuehl, PhD; M. Nassir Uddin, PhD; (Urology) Erin T. Bird, MD; (Colorectal) Harry T. Papaconstantinou, MD; J. Scott Thomas, MD; (Physical Therapy) Carolyn Walker, Jill Danford

*Trainees Per Year:* 1

*Program Length:* 3 years

*Program Description:* This fellowship is accredited by ACGME and adheres to all ACGME guidelines. Our physicians have built clinical, academic and research reputations in the field of Female Pelvic Medicine and Reconstructive Surgery. As recognized experts at one of the top 15 major teaching hospitals in America, our physicians deliver superior multidisciplinary care from one of the most respected academic medical centers in the country. Our program provides education and experience in the management of urinary/pelvic floor disorders of incontinence and pelvic organ prolapse such as cystocele, rectocele, enterocele, uterine prolapse and post-hysterectomy vaginal vault prolapse. There is an active research program conducting basic research using animal models and human tissues to investigate questions related to pathophysiology of disorders of the pelvic floor. Collaboration with other specialties including urology, colorectal surgery and physical therapy is an integral part of our patient management and educational program. Fellows will have the opportunity to develop excellent skills in patient care, research, and education.
